Pennsylvania Avenue and Seventh Street.

It's an Herculean Task

-this getting a big store in readiness to take its semi-annual inventory. It's a losing time always. But with the inroads made by the Improvement Sale--into staples as well as special stocks--small lots are more numerous--broken sizes are more general--remnants are more conspicuous than under the demands of the regular order of business. Such a condition sets us to cropping and cutting and sacrificing. It's bad on the balance sheet. But better for store orderliness. Decidedly better for you. You can reckon your saving by dimes and dollars. Now, we don't want to be longer than this week "trimming ship" -- and we have cut the

deepest---into the most attractive stocks---at the beginning. Tomorrow you'll get the cream of the bargains.

Such Selling of Wash Goods Is Unparalleled.

They will be all ranged into two lots tomorrow morning-thousands of yards-hundreds of patterns-the comestic and the imported-the exclusive novelties and the staples-Every yard in the house.

Lot 1.

All the Wash Goods that have been selling up to and including 25c a yard. Dimities, Lawns, Jaconets, Swisses, Piques, Ducks, English Batistes and Organdies, figured, flowered and striped-none handsomer you have told repeatedly since they first were shown.

Choice, 6c a yard.

Pennsylvania Avenue and Seventh Street. SAKS & COMPANY, Pennsylvania Avenue and Seventh Street.

The Flood Sufferers' Committee Acts With Energy.

The Local Ministers Asked to Speak to Their Congregations-Contributions Without Solicitation Are culture Sends a Supply of Seeds.

flood sufferers of Texas is being rapidly systematized, and the committee in charge of the work reports that the results so far attained are satisfactory. Considerable sey has been contributed by generous Washingtonians, and some clothing has been received. The committee headquarters are in the Inter-Ocean Building, in Ninth Street, between E and F Streets stating that the conditions in the flowled Washingtonians, and some clothing has northwest. The committee realizes that immediate action to save many lives, and the National Capital is responding nobly to the call of the distressed State. John Joy Edson, Treasurer of the gener-

al committee, was hard at work yesterday, and reported last night that so far the movement was progressing satisfactoriy. The citizens of the District are not yet fully informed regarding the work which will be done, but there is no doubt that their response, will be hearty when the commitresponse will be hearty when the commit ee has issued circulars and forms for the oliciting and collection of subscriptions. The only definite action taken yester-

day was in a meeting of the woman's auxiliary committee held at 4 o'clock in the office of Representative Hawley of Texas, at 1515 H Stret northwest. Only a few of the large number of Texas women living in Washington were present, owing to a misunderstanding in regard to the meeting, which was called at the meeting could be best directed. The following le ter was agreed upon to be addressed to

the ministers in this city:

The committee of citizens argained to raise funds for the relief of the Texas flood sufferers was held in New York last night, in which Representative Hawley spoke of the conditions which exist in the flooded districts are implied by an industrions class of hard working people who have, for the most part, lost their all in the calmity which has recently befullen that part of the State. It is important that something be done for them at once A relief committee was organized last Thursday night to solicit funds in this city. Contributions of meany are examently solicited and may be best to John Jey Edson, Trensurer of the Committee, at his office in the Washington Lean and Trust Company Indiffice. Any further remarks you may desire to make on this subject will be appreciated.

It is expected that the general notice

given out in the churches today will do much toward acquainting the people of the great need for assistance in the flooded districts in Texas, and of the purpose of the committee in charge of the work in this city. District Commissioner John B. Wight received permission from Major Richard Sylvester, Chief of Police, to have the notices delivered to the various di-vines by the Police Department. The let-ters were sent out at 9 o'clock last night. The Agricultural Department has sen several thousand bags of seeds to the des titute Texans, but reported yesterday that the department was not in a position to do much more in supplying the sufferers with the means of raising a second crop; and a part of the money subscribed by the public will have to be devoted to that use. This is one of the most advantageous meth-ods of giving aid, since, with the means The work of giving assistance to the of producing crops the impoverished people can readily become able to do without the assistance of the Government. The seeds were sent to Bellville, Houston, Angleton, Richmond, and Sealey.

Telegrams were received last night from John H. Bickett, Receiving and Disbursing Asset for William county, and from Don.

districts are growing worse. A telegram was received by Representative Hawley's secretary from P. F. Combs, of Valesco, some days ago saying that there had been no communication by mail or train be-tween Valesco and neighboring cities since July 7, and asking that a United States revenue cutter be detailed by the Govern-ment to bring relief to the suffering citizens. Representative Hawley addressed a letter to Secretary Gage, requesting the services of a Government vessel, which was favorably endorsed by the Secretary of the Treasury, and one of the boats in the revenue service stationed in that vicinity will

letters to the heads of departments and bureaus requesting permission to solicit contributions in their offices, and, while it is contrary to rules to do so, in the present instance the regulations will be temporarily set aside. Permission was refused in the Congressional Library, but a committee was named to receive money of the general committee held on Friday evening at Masonic Temple. An informal discussion took place in order to determine in which way the efforts of the women, scriptions will be received by the Chief

probably be ordered to render all the as-

A meeting in the interests of the Texan food sufferers was held in New York last night, in which Representative Hawley spoke of the conditions which exist in the flooded districts of his State.

West Point Captains Disrated for Re- Two Boys Travel Five Hundred

West Point, N. Y., July 15 .- No greater than by the rumor passed along the com- a 500-mile automobile trip made in the pany streets Thursday morning that the senior Bettys' automobile phaeton among

of cadets by the outbreak of scarlet fever | High School, are home, greatly elated, from four chief cadet officers of the battation | the hills and valleys of Seneca county, had lost their chevrons and were relegated They left here three weeks ago last Monto the ranks for refusing to sign a "round day, at about 6 o'clock in the morning. The to the ranks for refusing to sign a round distance to Farmer, their destination, is be conducted in English by the Rev. r. robin" against hazing issued by order of distance to Farmer, their destination, is Schulte, of Baltimore. A special musical musical transfer and appears who have The rumor seemed well established when there knows how high the hills are.

at the dress parade Thursday night four at the dress parade Thursday might four regular army officers marched at the heads of the companies and went through the manual of arms just as naturally as they did a quarter of a century ago, when they too were cadets.

**Automobile Castella, nowever, drew up at the residence of Prof. Horace Law-rence, in Farmer, in time for dimer on the same day they started, having been on the road but seven hours, and traveling the distance at the rate of twelve miles an school houses at Arlington and Carlin's schoolhouses at Arlington and Carlin's of the companies and went through the manual of arms just as naturally as they did a quarter of a century ago, when they distance at the rate of twelve miles an too were cadets.

Such a sight had never before been seen at West Point. Cadet captains, or cadets temporarily selected to fill the place, have always marched proudly at the head of The trouble between the tactical officers and cadets has been brewing for several days. A week ago the "plebes," more than a hundred strong, were ordered to quit barracks and march over to camp. The camp is situated on the north end of the plains, near Fort Clinton. It is a beau-tiful spot, commanding a full view of the tiful spot, commanding a full view of the river. The camp is situated on the north end of the plains, near Fort Clinton. It is a beautiful spot, commanding a full view of the river. The parapets of the old fort, which was built by Benedict Arnold, shade the north side. Incidentally, the most has sheltered or proved a resting place for many a weary "plebe" when the ghosts which always haunt a "plebe" sentinel hurled him off post.

Colonel Otto Hein, when he became

ghosts. He was certain he could "lay" the ghosts, and took measures accordingly. Sentinels were placed at many points, but the ghosts evaded the watchers Colonel Hein saw that his original plan or getting rid of ghosts was going awry, he he hit on a new one, and that is why there were no captains to lead the battalion to dress parade last night. Colonel Hein's plan was to get the four captains to sign a paper that they would report at

any time, while on duty or off duty, any act of hazing that should come to their

ommandant, determined to eliminate the

knowledge. The paper was taken to the first cape in and he refused to sign. Then it went to the others, and each in turn re-Otto L. Hein is a captain of the First Cavalry, but holds the rank of lieutenant colonel by virtue of his position as commandant of cadets at West Point and instructor of inctics, to which he succeeded in June, 1897. He is one of the tallest men in the army, measuring six feet two and one-half inches.

The beer which is gaining in popularity daily is Heurich's Senate Beer, the queen of all malt beverages. A case can be had by 'poning 634, Arlington Bottling Co.

CADETS SHORN OF CHEVRONS. A HORSELESS VEHICLE JOURNEY

Miles Without Difficulty. Rochester, N. Y., July 15.—Raymond H.

The trip of Bettys and Wood demon-strates several things in regard to the horseless carriage that have been disputed the gray-coated companies, and after bringing their men into line saluted with that grace and precision only noticeable in a West Pointer. This was all changed, and is not a mechanic in any sense of the on the trip, is only seventeen years old, and is not a mechanic in any sense of the word. He was just out of the High School when he started on the trip. However, he brought the automobile back to Rochester Wednesday morning in first-class condition, with the cyclometer registering 483 miles, traveled since leaving home. He had no breakdowns at all while away, and no horses ran away from fright. A slight puncture of one of the pneumatic tires caused a cessation of operations for a few
